SHERMAN TOLD OF GREAT GOVERNMENT

Utica Man Formally Notified of His Nomination for Vice President.

SENATOR BURROWS AGAIN IN EVIDENCE

MICHIGANDER AND NOMINEE BOTH PITCHED INTO BRYAN AND THE DEMOCRACY.

Utica, N. Y., Aug. 18.—In one of the briefest speeches ever delivered by a candidate for so high an office, James Schoolcraft Sherman at noon today accepted the nomination of the Republican party for the vice presidency. He spoke from a flag-decked stand in front of his home in Genesee street, surrounded by party leaders from different sections of the country and by a crowd of non-partisan friends and townsmen. The nomination was tendered by a committee appointed at the Chicago convention in June, Senator Julius C. Burrows of Michigan being the chairman and spokesman.

Several Brief Addresses.

There were brief addresses also by Secretary Root, by President M. W. Stryker of Hamilton college from which Mr. Sherman was graduated; by Mayor Thomas Wheeler of Utica, and by Charles S. Symonds, chairman of the local reception committee.

Mr. Sherman, in his address of acceptance, followed the example of Mr. Taft in pledging the allegiance of any administration with which he may have to do to the policies of President Roosevelt. He declared there was no issue as to whether or not "the people shall rule," said Mr. Sherman; "surely the people have ruled; surely the people do rule."

Sherman's View of the Issues.

Caating thus aside the campaign slogan raised by Mr. Bryan, the Republican vice presidential nominee asserted that the overshadowing issue of the campaign really is, "Shall the administration of President Roosevelt be approved?" Mr. Sherman made no attempt to discuss in detail any of the issues raised in the party platform, contenting himself with the declaration that he subscribed fully and heartily to all that has been written in the Chicago statement of principles and to all that had been said by Mr. Taft in his speech accepting the presidential nomination. He referred to the Democratic party as an aggregation of "experimental politicians and theorists, whose only claim to history is a party name they plied."

Mr. Burrows' address follows:

Mr. Burrows' Speech.

"Mr. Sherman: Though the proceedings of the late national Republican convention and the result of the deliberations are matters of common knowledge, yet courtesy and custom moved the convention to the appointment of the committee now present to formally notify you of the nomination as selecting you as the nominee of the Republican party for the high office of vice president of the United States for the term of four years from the fourth of March, 1909. It will be gratifying to you to know that your selection was not the result of a sudden impulse, but the deliberate and mature judgment of that great convention, speaking for the Republican party from every state and territory. The members of this committee, coming from every part of the country, are able to convey to you the gratifying assurance that your nomination receives the hearty approval of the constituency they represent, and the promise of united and enthusiastic support at the approaching election."

Recognition of Services.

"The unanimity with which you were nominated was a fitting tribute to you as a man and a just recognition of your long and valuable service to the party and the country. Repeatedly commended by the people of your district to a seat in the national house of representatives, where you have served with distinction for nearly twenty years, participating in the deliberations of that body, and bearing a conspicuous part in shaping the policy of your party and the country, you were regarded as pre-eminently fitted for the discharge of the important duties incident to the office of vice president of the United States. As the constitutional prerogative of the senate you will bring to the discharge of that exalted position a wide experience in public affairs, a thorough knowledge of parliamentary law which will enable you to conduct its proceedings with dignity and dispatch, and so sustain its high character as the great legislative body in the world. While the ordinary duties incident to the office of vice president are not onerous, yet circumstances may arise in the mutations of human affairs by which the position

CONGRESS PASSED CURRENCY LAW IN THE INTEREST OF THE STOCK MARKET

But It Couldn't Find Time to Authorize National Banks of Oklahoma to Comply With State Law.

Fairview, Lincoln, Neb., Aug. 18.—Discussing the subject of guaranty of bank deposits today, William Jennings Bryan, Democratic candidate for president, charged the Republican leaders of congress with having failed to pass a law authorizing the national banks of Oklahoma to take advantage of the state law relating to the guaranty of bank deposits. It was with no little satisfaction that Mr. Bryan noted in the morning dispatches the fact that the Enid, Okla., National bank had surrendered its charter to the state within the provisions of the state law.

"I don't know, of course, to what extent the national banks will surrender their charters," said Mr. Bryan. "Fifty-four national banks in Oklahoma took advantage of the guaranty system, and they have found it very profitable, for they have increased their deposits, while the unsecured national banks have lost in deposit."

Fault of Congress.

"Under the ruling of Attorney General Bonaparte, they will have to choose now between remaining in the guaranty system, or curing the benefits of the new guaranty system. They will either have to sur-

BACKS ARMED; WHITE MINES FRAID

Trouble at Some of the Coal Mines in Vicinity of Springfield.

CITIZENS HOLD MEETING

GRAND JURY INVESTIGATING THE RECENT RIOTS.

Springfield, Ill., Aug. 18.—That the race war situation in this city is considered much less serious was evidenced tonight when Governor Dennison issued orders for the return of the First and Fourth infantry regiments, which will take trains for their homes tomorrow.

"I took this measure after a conference with Sheriff Warner, Mayor Reece, Major General Young, Adjutant General Scott, General Foster and General Wells," explained Governor Dennison tonight.

Springfield, Ill., Aug. 18.—While the special grand jury empaneled today was hearing witnesses in riot cases and citizens were holding a meeting, the antagonism between whites and blacks, already responsible for seven deaths and scores of injuries caused a strike underground. White miners at the Woodside coal mine, a mile out of town, and the Tuxhorn mine, four miles distant, refused to work with negroes.

The two mines employed about 500 men, about 150 of whom are colored. The white miners came to President Clark, of the Springfield sub-district of the United Mine Workers, with the declaration that they did not feel safe in the underground darkness with which they may have to do to the policies of President Roosevelt. He declared there was no issue as to whether or not "the people shall rule," said Mr. Sherman; "surely the people have ruled; surely the people do rule."

No Clash at the Mines.

President Clark said that so far as he knew there had been no clashes between whites and blacks in the mines. "They are just nervous, I guess," commented the organization leader. "Both races belong to the union, and the union will see that no serious trouble arises. Mr. Clark's office was filled with the white miners who had quit work, new shaven dressed in honor of the unexpected holiday, and gloomily determined not to take chances under the earth under present conditions. Said one young miner, with a rich brogue:

"If they ain't armed, they ought to be, and if they are they ought to be disarmed. You can't blame 'em for being nervous, nor you can't blame us for getting away from the kind of nerves that carries a razor."

Trouble Will Blow Over.

Mr. Clark asserted that the two mines would be working full handed tomorrow or next day. The whole matter was referred to an examining board, which spent the day quizzing both blacks and whites as to warlike preparations, if any, down the shafts. At the same time, the white miners insisted that before they would return to work every negro must be searched at the mouth of the pit before descending.

It is claimed that the trouble exists in the Tuxhorn and Woodside mines alone. The Springfield sub-district of the United Mine Workers, which employ all together some 6,000 men, about 10 per cent of whom are negroes.

Meeting of Citizens.

Following Governor Dennison's proclamation of last night calling upon all citizens to aid in restoring order and promoting peace, a meeting of the Chamber of Commerce, it was called to order by Dr. E. A. Hall, who introduced E. L. Chapin, as chairman. The latter launched into a fiery address, in the course of which he said:

"This is the most extraordinary meeting we have ever held. The question before us is whether law and order shall prevail, or whether we shall be committed to the rule of riot, ruin and rebellion. I believe that that has made many mistakes in his calculations."

Resolutions Had Been Amended.

Dr. Hall then read the resolutions. They had been previously drafted by Dr. J. W. Scott, who was health officer of the state under Governor Altgeld, but when his production was read Dr. Scott discovered a demand for the protection of "life, liberty and property to every citizen," somewhat amended, "Without reference to color or nationality."

A Message That Pleases.

WE KEEP US ALL GUESSING

Judge Parker Says There Will Be Many Strange Developments in Campaign.

Portland, Ore., Aug. 18.—Judge Alton B. Parker, accompanied by Delancy Nicoll, former district attorney of New York, arrived in Portland today from the south. Judge Parker will formally open the Democratic campaign in Oregon at the Heilig theater tonight.

Concerning the coming presidential campaign, Judge Parker said:

"There will be many strange developments in the campaign before the fall. I do not wish to comment on them or say what they will be. I will only say that there will be such developments that the men who speculate in stocks, basing their buying and selling on the outcome of the presidential election, will have to hedge more than once."

It will be an interesting campaign and one filled with surprise. Any man who sits down now and makes out a table of how the various states will go will find, when the returns are in, that he has made many mistakes in his calculations."

WHAT PINCHED HIS FRIEND

John W. Kern Speaks at Old Settlers' Reunion and Makes a Hit With a Story.

Indianapolis, Ind., Aug. 18.—At the old settlers' reunion today John W. Kern, Democratic nominee for the vice presidency, made a short address, in which he said he favored a campaign of "friendship."

"We all love the same old starchy banner, and remembering our love for the flag let us go into the campaign as friends; let us have added to our hands, and let us come out of it as friends."

Mr. Kern had pleasant things to say about President Roosevelt. He related a story which amused his audience. It was the incident of his meeting an old Republican friend.

"Do you like Roosevelt?" asked his friend.

"I like him pretty well," said Mr. Kern; "and by the way, how do you like him?"

"Well," replied the friend, "I'd like him a sight better if you didn't like him so well."

THREE FIREMEN KILLED.

Floors of Burning Building Crashed Down Upon Them.

London, Ont., Aug. 18.—Three firemen were killed and a fourth was dangerously hurt tonight when the floors of a burning building fell upon them.

The Dead.

Fire Chief Laurence Clark, Fireman Wein, Fireman Cockburn.

The fire broke out in the basement of Westman's hardware store. The three men were in the cellar trying to get at the source of the flames when the first and second floors crashed through on them. Loss \$50,000.

LASKER WINS FIRST GAME.

Dusseldorf, Aug. 18.—Dr. Emanuel Lasker of New York, the world's chess champion, was the victor in the first game of the chess match of the eight games between himself and Dr. Tarrasch of Nuremberg, for the championship of the world.

PHYSICIAN DROWNED.

Tupper Lake, N. Y., Aug. 18.—Dr. Joseph Elieberg, a prominent physician of Cincinnati, was drowned tonight in Big Tupper lake, in trying to land a large pickerel his boat was capsized and he was thrown into the water.

THREE SHOCKS OF EARTHQUAKE

People of Eureka, Cal., Sent Scurrying to the Streets in Night Dress.

Eureka, Cal., Aug. 18.—Three sharp earthquakes, shocks, which knocked down more than a hundred chimneys, shattered about forty plate glass windows in the business portion of Eureka, broke much crockery in houses and sent many people scurrying from their beds into the streets, occurred here early today. The damage reported so far is estimated at between \$2,000 and \$3,000.

The first and sharpest shock came at 2:58 a. m. It was almost as severe as the one felt here on April 18, 1906. At 3:08 another, but lighter shock was experienced, followed by a third at 5:30 o'clock.

The first shock caused practically all the damage. Besides shaking down many chimneys and breaking crockery, the tremor caused the sixteen-foot statue of Minerva, on the county court house, to drop her heavy staff, which crashed through the roof into Superior Judge Hunt's court room.

The walls of the court house were cracked in several places, but the damage is not great. The walls of the Carnegie library building, erected five years ago at a cost of \$25,000, were slightly cracked.

Reports from the Seazy ranch, near Freshwater, six miles north of Eureka, state that the earthquake caused a big fissure in the earth for half a mile. A number of chimneys were thrown down in that vicinity, but otherwise little damage was done.

The shocks extended as far north as Blue lakes, twenty-five miles north of Eureka, where some crockery was broken and half a dozen chimneys knocked down.

"We all love the same old starchy banner, and remembering our love for the flag let us go into the campaign as friends; let us have added to our hands, and let us come out of it as friends."

Mr. Kern had pleasant things to say about President Roosevelt. He related a story which amused his audience. It was the incident of his meeting an old Republican friend.

"Do you like Roosevelt?" asked his friend.

"I like him pretty well," said Mr. Kern; "and by the way, how do you like him?"

"Well," replied the friend, "I'd like him a sight better if you didn't like him so well."

NEW USE FOR INJUNCTION

Funeral Stopped in Iowa by Means of Writ—Sensational Developments Expected.

Des Moines, Ia., Aug. 18.—Jacob Stein, father of Morris Stein, mysteriously shot and killed, together with his wife's aunt, Miss Hester Porter, at Loudenville, O., last Friday, today had the funeral arrangements with an injunction handed down by Judge Hugh Brennan of the district court. The services were to have been held today.

Among other sensational charges presented by the elder Stein, it was included one that Mrs. Stein, the young woman now mourning the death of her husband, is not the legal wife of Morris Stein.

Talking to detectives today, Mrs. Stein declared her opinion that her husband was killed by Miss Porter, and that the latter committed suicide. She said Miss Porter was a "man hater."

LUMBERMAN INDICTED.

Washington, Aug. 18.—Two indictments were found today by the grand jury against Robert W. Partridge, one time president and manager of the National Lumber company, now in the hands of a receiver, one charging with pretenses in obtaining \$15,000 from Rev. Father Eugene Hannan, rector of St. Martin's Catholic church, and the other alleging that Partridge committed embezzlement by diverting to his own use \$1,500 commissions on the sale of stocks of the company to Father Hannan by misrepresentation. Partridge is not now in the city.

BOLT FROM SKY KILLS TWO MEN

One in Town of Preston and the Other on Nearby Farm—Both Named Peterson.

(Special to The Herald.)

Logan, Aug. 18.—Two men lost their lives today during the prevalence of a terrific lightning storm in the vicinity of Preston, a town approximately twenty miles from here. They were struck by lightning and killed instantly. The fatalities occurred at about 2:30 o'clock.

Hans Peterson was at work on his farm on Mink creek, a short distance from Preston, when the bolt struck him. Death was instantaneous. He was about 48 years of age and leaves a large family.

By a strange coincidence, Rudolph Peterson was killed in the town of Preston while he was mixing mortar to be used in the construction of a building. He was 19 years of age and was well known in and about Preston.

Although the names are almost identical, the two victims of the lightning's bolt were not related.

It is reported here that no small amount of damage was done in the vicinity by the furious storm. A number of buildings, it is reported, were struck, but none of these, as far as known here, was a structure of material value.

RACE WAR IN TENNESSEE

Some Arrests Made by Sheriff of Claiborne County and Worst Is Thought to Be Over.

Knoxville, Tenn., Aug. 18.—At midnight the situation near Jellico, where the uprising of white miners against negroes occurred yesterday, appears to be quiet, though it is difficult to obtain direct information, owing to the remoteness of the section.

Sheriff Hughes of Claiborne county, Tennessee, today arrested five members of the band believed to be the leaders, and this has done much to relieve the situation.

This morning the band drove thirty negroes out of their homes at Campbell's mine, near Anthras, rousing them from their sleep and forcing them to leave hastily, some half clad.

It is stated that the members of the band have notified the negroes of eight or ten camps, scattered over several miles, to get out within three days, or they will be killed. Many negroes and some white residents today continued to flock to Jellico and other towns. It was reported also that some time last night a cabin occupied by an aged negro woman and five children had been burned and all the occupants lost their lives, but this has not been verified.

Threats were sent out today against the negroes of the towns of La Follette and Jellico, but the authorities do not take them seriously.

MADE GALLANT ATTEMPT.

British Blacksmith Tried to Swim the English Channel.

London, Aug. 18.—Of the many attempts to swim the English channel none has come nearer resulting in success than that made yesterday by T. W. Burgess, the blacksmith swimmer. Burgess was compelled to give up his attempt within one mile of Cape Gris-Nez, on the coast of France, because of the bad weather. He entered the water at Dover Monday morning, and in spite of the rough sea and the currents which carried him miles out of his course, he remained in the water for twenty hours and eleven minutes. He was still strong when he gave up.

FAMILY CREMATED.

Marshall, N. C., Aug. 18.—Last night the home of Wofford Tweed, on Laurel mountain, was destroyed by fire and his wife, three children and Mrs. Murray Tweed were burned to death.

NO OBJECTION TO A BLOCKADE

This Government Will Allow Holland to Trim Country of Castro.

LATTER IS NOT POWERLESS

NEW FRENCH COAST DEFENSE GUNS MOUNTED.

The Hague, Aug. 18.—With the single proviso that no military occupation of territory must occur, the government at Washington is understood to have given the cabinet officers of the Netherlands a free hand to deal as they see fit with President Castro of Venezuela.

The Netherlands cruiser Friesland will sail for the Caribbean before the end of next month.

Washington, Aug. 18.—Assistant Secretary Bacon today declined comment on the news from The Hague to the effect that the American minister has assured the Netherlands government that this country would interpose no objection to a blockade or other maneuvers on the part of the Netherlands against Venezuela. It is said, however, that the state department is not in possession of any information concerning the plans of the Netherlands.

CASTRO HAS GUNS MOUNTED.

Venezuela Will Meet the Emergency as Best She Can.

Caracas, Friday, Aug. 14.—When the Dutch cruiser Gelderland, after taking away Minister De Reus, came back to Laguaira last Saturday, without saluting and with decks in fighting trim, the greatest excitement reigned here in Caracas, as it was known that Castro's new French coast defense guns mounted on the mountain side above Laguaira and on the beach had been made ready to meet any emergency. Speculation was rife as to whether the warship would bring an apology for the De Reus letter and the stoning of Consul Lowe in Caracas, a demand for the immediate release of Carlos Perret Gentil, a Dutch merchant of Laguaira, recently imprisoned on a contraband charge, or an ultimatum of some kind.

Communication Not Allowed.

The curious were doomed to disappointment, however, as the unexpected happened, as it usually does here. The cruiser was not allowed to communicate with the shore or to deliver any documents which it brought, presumably because its failure to salute on this and recent occasions had been considered an offense by President Castro. So the Gelderland had to return to Curacao with its mission unfulfilled.

German Minister Fuming.

Meanwhile the German minister, Baron Von Ziekenhoff, was fuming in Caracas because he could not obtain permission from the government for the German consulate to go alongside the American ship to see if there were not some expected dispatches for him. Minister De Reus had left him in charge of Dutch interests, and he was at his wit's end to know what to do, because of the absolute impossibility of communicating with this government. The harbor is almost the only diplomat in Caracas.

ROOSEVELT RUMOR DENIED

President Has Not Offered to Take the Stump for Taft and Will Make No Speeches.

Oyster Bay, Aug. 18.—A published report that President Roosevelt had offered to take the stump for Taft this fall was denied today by Rudolph Forster, the president's secretary. He said he had said no such offer had been made, and reiterated the statement that the president would make no campaign speeches.

Truman S. Newberry, acting secretary of the navy, who was the guest of the president over night, had a talk with the president on the naval matter. He made a report to Mr. Roosevelt of the maneuvers of the fleet in which the volunteer naval men from six states took part at Farrington's bay last week. He told the president that the men had acquitted themselves admirably. The president was pleased.

PARDONED BY GOVERNOR.

Santa Fe, N. M., Aug. 18.—Governor Curry today granted a pardon to Frank G. Sherlock, who escaped from the Santa Fe penitentiary eleven years ago and served as peace officer in Arizona until captured recently.

TROUBLE OVER RATES.

Put-in-Bay, O., Aug. 18.—A rupture between the National Fraternal congress and the Modern Woodmen of America over the question of establishing a minimum rate of assessment for the fraternal insurance organizations.

BODY FOUND IN ROOM.

Chattanooga, Tenn., Aug. 18.—The decomposed body of William E. Robinson, commercial agent here for the Atlantic Coast Line railway, and well known among railway men of the south, was found in his room here today. It is supposed his death was natural.

PIONEER CREMATED.

Carson City, Nev., Aug. 18.—Empire City, three miles from here, a once flourishing city during the bonanza days of Virginia City, was visited by fire at 2:35 this morning, destroying six houses, almost the total number, and cremating John Bradbury, a pioneer of that place.

HUSBAND FIRES BULLETS INTO GREEK REEPER

George Cushman Probably Fatally Wounds George Chares at Bingham Canyon.

PEERS IN AT WINDOW OF WIFE'S BEDROOM

TWO SHOTS TAKE EFFECT AND SURGEONS BELIEVE MAN CANNOT SURVIVE.

(Special to The Herald.)

Bingham, Aug. 18.—George Chares, a Greek employed at the Yampa smelter, was shot and probably fatally wounded in Lower Bingham at 10:45 o'clock tonight by George F. Cushman, a cook who works at the Union restaurant. Cushman declares that Chares was looking through the window of his home when he shot him. Immediately following the shooting Greek friends of the wounded man surrounded Cushman and a riot was prevented only by the arrival of an officer, who arrested Cushman. While on the way to the jail Louis Chares, a brother of the man who was shot, threw a rock which struck Cushman on the head, indicating a dispute.

For the last two weeks the women of Lower Bingham have been annoyed by a Greek peeping through windows late at night. Cushman, who works at night, was told by his wife today that last night a Greek had peered through her bedroom window when she was preparing to retire. Cushman did not go to work tonight, but concealed himself in a coal box on the porch. He saw Chares approach and look through the window. Then Cushman fired. The first shot struck his victim in the back. A third shot was fired as the Greek was running away, but it did not hit Chares.

Cushman pursued the Greek to a saloon, and there he was surrounded by a large crowd of Greeks, who threatened to kill him. An officer arrived in time to save Cushman. The Greek was taken to the hospital of Dr. F. A. Straup, where bullets ranged downward and entered his intestines. The doctors said there was practically no chance of recovery.

Chares says that he was walking on the sidewalk when he was shot. He denies that he was looking through the window.

ENGINEER IS OPTIMISTIC

Colonel Goethals Expects to Complete the Panama Canal Within Five Years.

Washington, Aug. 18.—That the Panama canal can be completed within five years, and at much less cost to the government than has been generally supposed, is the information which Colonel Goethals, engineer in charge of the work, expected to bring Secretary War Wright from the isthmus next month.

Colonel Goethals contemplates a trip to this country in September for the purpose of conferring with Secretary Wright on canal zone matters. One of the subjects of discussion will be the estimates for the proposed canal zone. He is expected to submit them to congress at the coming session.

While here Colonel Goethals will make a trip to Oyster Bay to discuss the situation with the president. He will return to Panama before the various congressional committees arrive there, early in November.

Colonel Goethals expects to make another trip to Washington during the winter, while congress is in session.

SIMPLY TIRED OF LIFE.

Suicide of a Well Known Insurance Man of Des Moines, Ia.

Louisville, Ky., Aug. 18.—Alfred T. Wimberly, state manager of the Bankers' Life Association of Des Moines, Ia., and a well known insurance man, was found dead in bed at his home here this morning. Death was caused by a self-inflicted pistol wound, according to the coroner. A letter found on a table in the room read as follows:

"I am neither drunk nor insane. I have no domestic troubles or business troubles. I have committed no crime. I am simply tired of life. I have always had despondent spells, for which my creator is responsible. I have no fears for the hereafter, if there be any. This is for the public, if the public wants it."

—A. T. WIMBERLY.

DR. HOPKINS DEAD.

Williamstown, Mass., Aug. 18.—Dr. Hopkins, former president of Williams college, died of pneumonia at Rotterdam, Holland, today, aged 71 years.

Dr. Hopkins was for twenty years pastor of the First Congregational church of Kansas City, before becoming president of Williams college.

He was the son of Mark H. Hopkins, for thirty-six years president of Williams college. During the civil war he served as chaplain in the field with the One Hundred and Twentieth New York volunteers.

PIONEER CREMATED.

Carson City, Nev., Aug. 18.—Empire City, three miles from here, a once flourishing city during the bonanza days of Virginia City, was visited by fire at 2:35 this morning, destroying six houses, almost the total number, and cremating John Bradbury, a pioneer of that place.

AN OVERSIGHT, PROBABLY

The Tribune gives you wants the largest circulation.

—Salt Lake Tribune, Tuesday, Aug. 18.

The Herald calls the attention of the Tribune to this line, which, probably inadvertently, was used as a "filler" yesterday morning.

It was no doubt an oversight on the part of the circulation department that the mechanical force was not instructed to "ditch" this old-time office ad. Surely the Tribune does not wish to deceive the public by publishing something which is not true.

The Tribune knows that The Herald gives not only "your wants the largest circulation," but every other kind of advertising that is published in the Salt Lake papers. The Herald has more circulation daily and Sunday than any other paper in Utah.
